IL PROGETTO

Create a beautiful layered card featuring delicate hellebore flowers with curled petals set against a moody Fern and Fog patterned background. This project combines die-cut dimensional flowers in soft yellows and creams with a nature-inspired bird scene, finished with twine embellishments. CONSIGLI DALLA PUNTATA

- The preprinted papers are double-sided with colour on both sides, so flip them over if the alignment isn't quite right.
- Use white ink pad to push back bright colours and soften harsh edges for a more cohesive look.
- You can add glitter or sparkle media to enhance the finished flower without distracting from the patterned background.
