

Lamination Two-Stamp Coloured Card

UN PROGETTO DALLA NOSTRA DIRETTA - CREATE AND CRAFT TV - 25 FEBBRAIO 2024

IL PROGETTO

Create a beautiful floral card featuring purple blooms with a professional watercolour effect. This simple two-step stamping technique uses solid colour stamps blended with water spray, topped with a detailed outline stamp to achieve an artistic, hand-painted look. The result is an elegant greeting card that appears far more complex than it actually is to make.

CONSIGLI DALLA PUNTATA

- You can use any colour combination you like on the solid portion – experiment with different ink pad colours.
- Make sure the colour portion is completely dry before stamping the outline on top, or the inks will blend together.
- This technique works beautifully in monochrome (grayscale) for sympathy cards or in bright colours for celebration cards.
