

Drop Shadow Fern Stencil Card with Black Ink

UN PROGETTO DALLA NOSTRA DIRETTA - CREATE AND CRAFT TV - 9 GENNAIO 2024

IL PROGETTO

Create a striking card featuring a beautiful fern design with a dramatic drop shadow effect. Using a stencil technique, you'll layer teal and black ink to create a dimensional shadow that makes the fern appear to lift off the page. This elegant card combines simple stencilling with clever positioning to achieve a professional, eye-catching result.

CONSIGLI DALLA PUNTATA

- Only shift the stencil slightly in one direction (down, left, right or up) to create a drop shadow, not all over.
- The fern stencil is repositionable, so you can adjust if you are not happy with the placement.
- Stencilling onto patterned paper gives you layers and texture without the need for blending.
