

Bride and Groom Card with Changing Seasons Mount Background

UN PROGETTO DALLA NOSTRA DIRETTA - CREATE AND CRAFT TV - 3 GENNAIO 2024

IL PROGETTO

Create an elegant wedding card featuring a bride and groom embossed design layered over a decorative mount with beautiful seasonal scenery. The card combines romantic imagery with an autumnal landscape background in soft, muted tones. This project uses embossing folders and layering techniques to create a dimensional card that tells a story through its scenic backdrop.

CONSIGLI DALLA PUNTATA

- Mounts work beautifully with embossing folders and are not just for card toppers—they can be used as full background layers.
- Changing the mount design allows you to create different stories and moods with the same embossing folder.
