Biglietto con abito ombré e timbri lamination

UN PROGETTO DALLA NOSTRA DIRETTA - BRAND NEW LAUNCH ON CREATE AND CRAFT TV - 4 DICEMBRE 2023

IL PROGETTO FINITO

IL PROGETTO

Create a stunning card featuring an elegant gown design with a beautiful ombré effect in pink and purple tones. Using two-part lamination stamps, you'll build up layers to create a dimensional floral lily motif that appears to cascade down the dress. The technique combines solid colour stamping with detailed black outlines to achieve a professional, artistic finish.

CONSIGLI DALLA PUNTATA

- Lamination stamps don't have to be perfectly aligned; slight misalignment adds to the artistic, hand-painted look.
- You can use any ink pads in your stash; the system works with different brands and colours.
- If you don't want to use the solid coloured portion, you can use just the detailed layer and colour it yourself with markers or brushes.
