

Biglietto con sfondo floreale in embossing

UN PROGETTO DALLA NOSTRA DIRETTA - BRAND NEW LAUNCH ON CREATE AND CRAFT TV - 4 DICEMBRE 2023

IL PROGETTO

Create an elegant floral card featuring a beautifully embossed background in soft blues and pinks. Using an embossing folder inked on both sides, you'll achieve a sophisticated two-tone textured effect with both raised and debossed elements. The technique frames a delicate floral focal image, perfect for special occasions and greetings.

CONSIGLI DALLA PUNTATA

- Inking both sides of the embossing folder gives you two different finishes to choose from.
- If the two-tone effect looks too stark, you can swipe white ink over it to soften the contrast.
- Place a piece of card behind the embossing folder to prevent lines appearing on your project when running through the machine.
