

Autumn Leaves Embossed Mount Card

UN PROGETTO DALLA NOSTRA DIRETTA - CREATE AND CRAFT TV - 28 NOVEMBRE 2023

IL PROGETTO FINITO

IL PROGETTO

Make a stunning autumn card featuring embossed leaves with an artistic watercolour background effect. The design uses brown ink to create depth on the embossed leaf patterns, then white ink highlights bring out the raised details for a frosted, snow-dusted appearance. This elegant card combines simple embossing and inking techniques to create a sophisticated seasonal design.

PASSAGGIO 3 DI 6

Run the inked embossing folder through your die-cutting machine to create the embossed leaf impression on your card stock. The embossed design will transfer onto the card, creating a textured leaf pattern with pink triangular accents.

CONSIGLI DALLA PUNTATA

- Use a lighter brown ink if you want to preserve more of the background detail visible through the embossing.
- You can reposition and re-run embossing folders through your machine multiple times if you're not happy with the first result.
- White ink is essential for bringing embossed details back to life after using dark inks.
