PASSO PASSO

PASSAGGIO 1 DI 12

Cut a piece of brown floral patterned paper from the Tailored Threads collection. Trim it to size to fit your white card base using a ruler and trimmer.

PASSAGGIO 2 DI 12

Fussy cut around the floral elements on the decorative paper, leaving the flowers loose and imprecise to create a decorative border effect. Cut away the excess paper whilst preserving the floral design.

PASSAGGIO 3 DI 12

Distress the edges of your cut paper pieces using a vintage-coloured distress ink pad. Work around the perimeter of each piece to soften the white edges and create an aged effect.

**PASSAGGIO 6 DI 12**

Die-cut the wallet closure piece from the contrasting leather-effect patterned paper, ensuring the embossed detail is captured. The closure piece should be cut from the darker floral design to contrast with the lighter damask pattern.

CONSIGLI DALLA PUNTATA

- If you have a two-inch hole punch or die cutter, use it to cut the decorative circles from the pre-printed mounts instead of scissors for cleaner results.
- Store distress ink pads upside down if they are drying out to help keep them moist.
- You can use a belly band around the card to hold the wallet closed if desired.
