

Sanded Sunburst Embossed Card with Gold Ink

UN PROGETTO DALLA NOSTRA DIRETTA - CREATE AND CRAFT TV - 26 OTTOBRE 2023

IL PROGETTO

Create a versatile scene-setter card by embossing a sunburst or snowburst pattern, sanding back the raised areas to reveal white underneath, then adding gold ink for a luxurious finish. This technique produces an elegant purple and gold card with a shimmering, dimensional effect. The embossed design creates a stunning backdrop perfect for layering sentiments or using as a standalone statement piece.

PASSO PASSO

PASSAGGIO 1 DI 4

Run your card stock through your die-cutting machine with the sunburst embossing folder to create the raised pattern on the pink metallic card.

PASSAGGIO 2 DI 4

Use a sanding block to gently sand back the raised embossed areas on the pink watercolour card, exposing the white core underneath. Work carefully over the textured surface to create highlights.

CONSIGLI DALLA PUNTATA

- An emery board works well if you don't have a sanding block.
- The sunburst can represent a sun, moon or magical scene depending on your card stock colour and ink choice.
