

## Acrylic Spray Embossed Card with Ink Detailing

UN PROGETTO DALLA NOSTRA DIRETTA - CREATE AND CRAFT TV - 26 OTTOBRE 2023

IL PROGETTO FINITO

### IL PROGETTO

Create a sophisticated steampunk-inspired card featuring embossed metalwork patterns enhanced with acrylic spray paint in gold and blue tones. The design is brought to life with black ink detailing applied using a brayer, creating depth and dimension across the geometric peacock feather motifs. This striking technique combines texture and colour for a truly eye-catching handmade card.

## CONSIGLI DALLA PUNTATA

- Swirl spray cans rather than shake them to avoid blocking the nozzles.
- If you have acrylic nails, be aware that acrylic spray will not come off easily.
- You can add multiple techniques such as glitter or additional ink layers to further enhance the design.
