

Biglietto con pigna a strati e dettagli in rilievo

UN PROGETTO DALLA NOSTRA DIRETTA - MY PODCAST - 24 OTTOBRE 2023

IL PROGETTO FINITO

IL PROGETTO

Create a stunning winter card featuring a realistic three-dimensional pine cone with embossed detail. The design combines die-cut layers with lifted flaps to create depth and dimension, complemented by evergreen foliage and a watercolour background. This elegant card uses layering and embossing techniques to achieve a beautiful festive centrepiece with the word 'JOY'.

COSA TI SERVE

- TV - A5 Die - Christmas - Perfect Pine Cones...

PASSO PASSO

PASSAGGIO 1 DI 10

Cut out the base branch layer from craft card using the die plate. Run the die through your die-cutting machine to create the branch shape.

8

PASSAGGIO 8 DI 10

Apply glue to the back of the second textured pine cone layer, being careful to avoid the lifted scale flaps that create the dimensional effect.

9

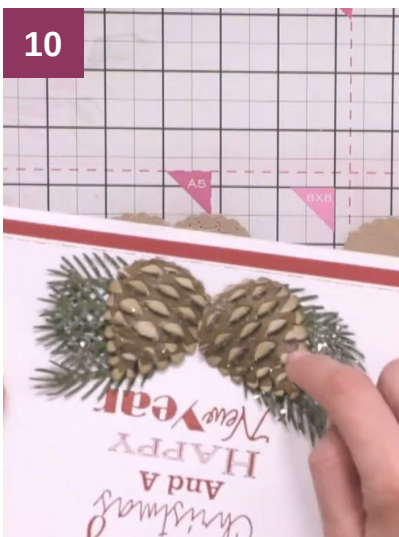

PASSAGGIO 9 DI 10

Adhere the second pine cone layer to the base layer on the card, allowing the edges to sit slightly unevenly for a natural, dimensional appearance.

10

PASSAGGIO 10 DI 10

Layer the pine cone die-cuts onto your card, positioning them as desired. Add white ink or sparkle to the edges of the raised pine cone scales to create a snow effect.

CONSIGLI DALLA PUNTATA

- Do not worry about precise alignment; the sporadic edges give the pine cone a more realistic appearance.
- The dies come on plates so no pieces go missing, unlike traditional separate die components.
- You can build up the design further by adding foliage, greenery, and berries if desired.
