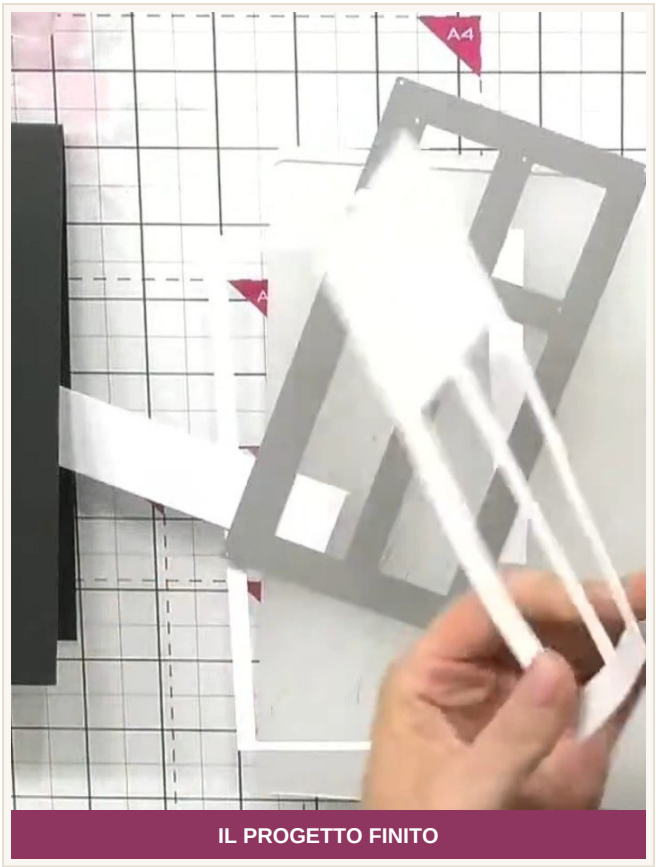
UN PROGETTO DALLA NOSTRA DIRETTA - CREATE AND CRAFT TV - 16 OTTOBRE 2023



IL PROGETTO FINITO

IL PROGETTO

Create a charming slimline card featuring a rustic window frame with a delightful scene beyond. Using innovative window dies with shadow-drop pieces, you'll build realistic depth and perspective, showcasing a bicycle with flowers against a soft background. The coloured shadow elements create a three-dimensional effect that brings the window scene to life.

CONSIGLI DALLA PUNTATA

- The shadow pieces don't need to be perfectly coloured—random shading creates a more realistic effect.
- You can use alcohol markers, pencils, or ink pads to colour the shadows, whatever you have in your stash.
- The embossed detail on the window frame adds texture and makes the design more realistic.
