Moody Halloween Reflection Scene with Gel Pen Highlights

UN PROGETTO DALLA NOSTRA DIRETTA - THE INSTANT ARTIST - 2 OTTOBRE 2023

IL PROGETTO FINITO

IL PROGETTO

Create a moody Halloween card featuring a spooky townscape reflected in water, with a witch silhouette flying across a purple and pink watercolour sky. Using stamps and watercolour techniques, you'll build an atmospheric scene enhanced with white gel pen highlights to add shimmering details to windows, stars, and water ripples. The finished piece captures a magical, eerie night with the 'Creep it Real' sentiment.

CONSIGLI DALLA PUNTATA

- White gel pen will dry two shades lighter than it appears when wet, so don't be afraid to apply it generously.
- Add white gel pen highlights to one side of the silhouette to create a consistent light source.
- You can add optional sparkle or white details to enhance the atmospheric effect.
