

Biglietto con cuori 3D a strati in vellum

UN PROGETTO DALLA NOSTRA DIRETTA - CREATE TOGETHER CLUB CHAPTER 3 - 29 SETTEMBRE 2023

IL PROGETTO

Create an elegant card featuring layered vellum hearts that fold and nest together to form a beautiful 3D effect. The delicate hearts are decorated with pink and grey patterned papers, creating a sophisticated butterfly-like design that pops up when the card is opened. This project uses simple stamping, die-cutting and layering techniques to achieve a stunning dimensional result.

CONSIGLI DALLA PUNTATA

- Let vellum glue become tacky before sticking to prevent it from absorbing all the adhesive.
- The 3D hearts will flatten completely for posting in an envelope but pop back up when the card is opened.
- You can tie the vellum pieces together with cotton for a different look instead of using glue.
