3

PASSAGGIO 3 DI 11

Position the silhouette stamp at the base of your card and press firmly to stamp the children figures along the lower portion, creating the effect of trick-or-treaters running to neighbours' houses.

PASSAGGIO 4 DI 11

Continue stamping the silhouette figures across the base of the card, overlapping them slightly to create a natural, flowing arrangement. Reposition the stamp to avoid symmetry and build up a scene of trick-or-treaters.

PASSAGGIO 5 DI 11

Position the circular stencil mask on the upper portion of your card front where you want the moon to appear. This will protect the moon area whilst you add colour to the rest of the background.

PASSAGGIO 6 DI 11

Load white ink onto a stencil brush and tap it around the stencil opening to create a moonlit halo effect around the silhouette design on your rainbow background paper.

PASSAGGIO 7 DI 11

Carefully lift away the circular stencil to reveal the glowing moon effect beneath. The rainbow-coloured moon should now be visible against the white background.

PASSAGGIO 8 DI 11

Lightly position the stencil over the interior of the moon shape. Gently tap white ink through the stencil to create a soft glow effect within the moon.

CONSIGLI DALLA PUNTATA

- Reflections are never perfect, so the stamp design intentionally becomes slightly faded towards the bottom to create a realistic reflection effect.
- You can repeat the family stamp design to fill the entire card base or position it just at the centre or lower edge depending on your preference.
- The white gel pen highlights on the right side of the silhouettes create the illusion that the moon is reflecting down onto the figures.
