

Poppy Bouquet Card with Wax Embossing and Layered Papers

UN PROGETTO DALLA NOSTRA DIRETTA - PRODUCT PREVIEW - 19 AGOSTO 2023

IL PROGETTO

Create a striking dimensional card featuring a poppy and tulip bouquet embossed with wax, layered onto coordinating patterned papers in bold reds, blacks, yellows and greys. The high-definition embossing creates a realistic, three-dimensional effect that brings the floral design to life. This elegant technique combines heat embossing with carefully chosen papers to produce a beautiful handmade greeting card.

CONSIGLI DALLA PUNTATA

- Always apply wax lightly at first because you can add more but cannot easily remove it.
- The 3D embossing folders have up to seven layers of detail, pushing the boundaries before the card cracks.
- You can enhance the embossed design further by adding white or gold sparkle wax for a different look on alternative colourways.
