PASSAGGIO 5 DI 9

Apply a medium brown shade over the lighter colour using your marker pen, concentrating on areas where the stamp shows darker lines to build up depth and dimension in the hair.

PASSAGGIO 6 DI 9

Use your darkest brown marker to define the braids and add shadows to the hair, following the curves and lines of the hairstyle to create depth and dimension.

PASSAGGIO 7 DI 9

Go back over the white halo area with a very light colour to blend and soften the transition between the highlights and the darker tones.

PASSAGGIO 8 DI 9

Allow the markers to dry completely. The alcohol will evaporate and the colours will lighten as they dry.

PASSAGGIO 9 DI 9

Optionally add white gel pen highlights to the hair to enhance the halo effect and create catch lights, giving dimension and shine to the coloured areas.

CONSIGLI DALLA PUNTATA

- Alcohol markers dry lighter than they appear when wet, so go lighter than you think you need to.
- Leave white spaces in your halo and braids to create dimension and catch the light.
- Follow the stamp's line work—it does much of the shading work for you.
