6

PASSAGGIO 6 DI 9

Trim a piece of gold card to create a narrow strip that will hide the edge line of the embossing folder and add visual interest to your design. Position this strip along the edge where the embossed pattern meets the card base.

PASSAGGIO 7 DI 9

Stamp your chosen sentiment in black ink onto the white embossed card panel. Position it towards the bottom of the panel, leaving space for the design above.

PASSAGGIO 8 DI 9

Adhere the embossed white star panel to the kraft card base, positioning it off-centre in the upper portion of the card for visual balance.

PASSAGGIO 9 DI 9

Position and mount your embossed focal image onto the card base. The embossed panel should be centred on the kraft card base, creating a layered effect with the white embossed design visible on top.

CONSIGLI DALLA PUNTATA

- You can use the embossing folder on its own without stamping for a beautiful white-work effect.
- Don't worry if you don't line up the embossing folder perfectly—extra texture is not a problem.
- Use both sides of the embossing folder to choose which effect you prefer before adhering to your card.
