

Slimline Card with Dual Embossed Textures and Gold Strip

UN PROGETTO DALLA NOSTRA DIRETTA - CREATE AND CRAFT TV - 7 LUGLIO 2023

IL PROGETTO FINITO

IL PROGETTO

Create a sophisticated slimline card featuring dual embossed textures with a decorative gold strip accent. This elegant design combines two different embossing folder patterns on white card, with the join cleverly concealed by a metallic gold strip. The technique produces a high-end, textured card with clean lines and professional finish, perfect for special occasions.

PASSO PASSO

PASSAGGIO 1 DI 7

Take a slimline card base and position the first embossing folder (the detailed damask textile design) at the top of the card. Align the folder so that one of the circular bauble motifs sits centrally positioned.

CONSIGLI DALLA PUNTATA

- Embossing folders are a real workhorse and turn plain white card into something that looks quite pretty without being expensive.
- You can use the debossed side of the embossing folder as well as the raised side for different effects.
- Slightly overlapping the two embossing designs allows you to hide the join with a decorative strip.
