UN PROGETTO DALLA NOSTRA DIRETTA - CREATE AND CRAFT BRAND NEW LAUNCH - 9 GIUGNO 2023

IL PROGETTO

Create an elegant card featuring a textured embossed background with a cascading arrangement of geometric envelope shapes in soft pinks, whites and olive green. The design is finished with delicate stamped floral elements and a dimensional pink flower embellishment, combining embossing, stamping and layering techniques for a sophisticated clean-and-simple style.

PASSO PASSO

PASSAGGIO 1 DI 9

Take two pieces of cardstock (one green and one white) and run them through the embossing folder to create raised texture on both pieces.

PASSAGGIO 2 DI 9

Select your preferred embossed piece to use as the card base. A white-on-white embossed design creates a clean look, but you may wish to choose a coloured embossed piece for better visibility of the texture.

PASSAGGIO 3 DI 9

Stamp multiple envelope designs onto patterned and solid papers from the collection using the envelope stamps and embossing folder. Position the stamps at various angles to create visual interest.

PASSAGGIO 4 DI 9

Cut the envelope stamps into individual elements using scissors or a craft knife and cutting mat. Separate each envelope design carefully to create individual stamped pieces.

PASSAGGIO 6 DI 9

Stamp floral and foliage elements from the collection onto white cardstock. Fussy-cut around the stamped images to create individual embellishments for your card.

PASSAGGIO 7 DI 9

Layer the pre-cut paper flowers and leaves together to create a dimensional bouquet. Position the bouquet arrangement so it appears to emerge from the top of the envelope cascade on your card.

PASSAGGIO 8 DI 9

Add a sentiment to the card. Position the 'with much love' or 'little card big thanks' sentiment from the stamp set onto the envelope flaps using foam pads for dimension.

PASSAGGIO 9 DI 9

Trim the base of the card neatly to finish. Position your floral embellishments and decorative elements to complete the design.

CONSIGLI DALLA PUNTATA

- Foliage is important because it adds interest and helps build the arrangement.
- Don't worry if your stamping isn't perfect; the layering system hides imperfections.
