UN PROGETTO DALLA NOSTRA DIRETTA - CREATE AND CRAFT TV - 22 MAGGIO 2023

IL PROGETTO

Create a beautiful greeting card featuring delicate watercolour-painted hibiscus flowers in soft blues and greens with golden centres. Using 3D embossed floral embellishments, you'll apply watercolour paints that naturally settle into the grooves to create stunning light and shade effects. The finished card showcases a 'Hello Sunshine' sentiment alongside your hand-painted botanical elements for a fresh, artistic look.

PASSAGGIO 3 DI 8

Drop watercolour paint onto the wet embellishment and allow it to flow naturally into the grooves and recesses. The paint will spread and settle into the textured areas of the hibiscus design.

**PASSAGGIO 7 DI 8**

If harsh lines form between the blue watercolour shades on the hibiscus petals, use a damp brush to pull water across the line and blend the colours together softly.

CONSIGLI DALLA PUNTATA

- Don't colour the entire embellishment flat; leave areas of white to create natural light and shade that complements the 3D texture.
- The raised elements of the HD 3D embossing folder will guide the watercolour paint into the grooves, making it easier to achieve professional shading without extra effort.
