

Biglietto con texture legno in rilievo

UN PROGETTO DALLA NOSTRA DIRETTA - HOBBYMAKER TV - 7 MAGGIO 2026

IL PROGETTO

Create a charming card with an embossed timber wood texture effect in warm brown tones. Using a large embossing die, you'll achieve a realistic wood grain pattern with raised detail that's enhanced through selective inking. This dimensional technique creates a beautiful rustic finish perfect for handmade greetings.
