

Lamination Watercolour Flower Card with Outline Detail

UN PROGETTO DALLA NOSTRA DIRETTA - MONDAY PODCAST - 8 MAGGIO 2023

IL PROGETTO

Create a beautiful watercolour-effect flower card featuring delicate pink blooms and soft green leaves with elegant outline detail. This project uses a two-part lamination stamp technique where you ink a solid stamp with multiple colours, spritz with water, and stamp onto card to achieve a stunning hand-painted appearance. The result is a realistic, artistic floral design perfect for special occasions.

PASSAGGIO 4 DI 9

Add teal ink to some of the leaves using a Distress Ink pad. Dab the ink directly onto the laminated design to add depth and prevent the watercolour flowers looking flat.

CONSIGLI DALLA PUNTATA

- If the result is messy or you don't like it, the card can go in the bin and you can try again with different colours—there's no pressure to be perfect.
- Never throw away lamination cards even if they have too much water; they still look awesome.
- The sketch-style outline stamp doesn't need to line up perfectly; as long as it's in the vicinity, it looks intentional.
