STAP VOOR STAP

1

STAP 1 VAN 22

Place the detailed frame die, from Take The Photo Die Collection, on one side of the A4 white card, and run it through your die cutting machine.

NB: KEEP ALL THE BITS THAT FALL OUT OF THE FRAME, FOR PAPER PIECING IN A LATER STEP.

2

STAP 2 VAN 22

Place the coordinating mat die, on the remaining white card, and run it through your machine.

Save any left over card for snowflake dies, in a later stage.

3

STAP 3 VAN 22

Spray water on to the white die cut mat.

Spray the Izink Morning Mist on to the card, and allow it to move freely in the water.

STAP 4 VAN 22

Spray the Izink Blue Moon on to the card. If you need more movement of the ink, lightly spritz the card again, and tip it up, creating drips and runs.
Dry off the ink.

STAP 5 VAN 22

Splatter the background with water, wait a few seconds, then mop up the excess with a paper towel.
Dry off the card.

STAP 6 VAN 22

Spray water on to the Confetti Paint, and splatter over your background. Confetti Paint is best left to dry naturally, as it gives it a raised texture, but you can blast with a heat tool, if needed.

7

STAP 7 VAN 22

Ink up the Snowman stamp, from Dashing Through The Snow Stamp Collection, with the Onyx Black Versafine. Stamp on to your background.

8

STAP 8 VAN 22

Apply water to your Snowman, wait a few seconds then "lift" out the ink, with a paper towel. This is called the "faux bleach" technique. You can also use diluted bleach, for a stronger lift.

9

STAP 9 VAN 22

Colour in your stamped image with your HIMI Oil Pencils

10

STAP 10 VAN 22

Adhere the white, die cut frame, in place, on to your artwork.
Set to one side.

11

STAP 11 VAN 22

Die cut THREE snowflakes, from the white card set aside earlier, noting that the "waste" card will be used as a stencil. So think about the placement of the dies, before running them through your machine.

NB: If you have any of the other frame die sets then you will be able to cut out three different snowflakes.

12

STAP 12 VAN 22

From the "bits" that fell out of the die cut frame (that you set aside earlier), decide which pieces you wish to paper piece back in. You can discard the rest. As you can see from this photo I chose a few of the stars.

13

STAP 13 VAN 22

Push each of the die cut elements in to the WOW Embossing ink Pad.

Cover with the WOW Emerald Fitzgerald Embossing powder, then heat set with your WOW heat tool.

TIP: I held each die cut element with tweezers, to heat set the powder, without burning my fingers.

Set the snowflakes to one side.

14

STAP 14 VAN 22

Paper piece the elements you embossed, back in to the frame.

Set this to one side.

15

STAP 15 VAN 22

Using the stencil you created from the waste of the die cut snowflakes, blend the Izink Pigments randomly over the white card (8 x 5 1/2"), to create a decorative background.

16

STAP 16 VAN 22

Add water to the Confetti Paint, add splatter over your stencilled background.

17

STAP 17 VAN 22

Ink up the sentiment, from the Christmas Blessings Stamp Collection, with the Onyx Black Versafine, and stamp in the bottom right corner of your background.

TIP: Use your framed artwork as a guide, to make sure you stamp the sentiment in the correct place.

18

STAP 18 VAN 22

Use a black pen to draw a decorative, wiggly frame, around your background.

19

STAP 19 VAN 22

Adhere your background on to the front of your black, top folding card blank.

20

STAP 20 VAN 22

Adhere your framed artwork on to the card, wonky...or straight!!
And flat with wet glue, or raised with foam pads, for added dimension.
You choose...

21

STAP 21 VAN 22

Adhere your embossed snowflakes, around your frame, where required.

22

STAP 22 VAN 22

Add Liquid Pearl drops on, and around, the snowflakes, to finish.
