STAP 1 VAN 5

Swipe your Hedgerow ink pad on the DEBOSSSED side of the folder but only inside the diamond recess. Swipe the Black Soot ink pad around the outer edges of the debossed side and spritz with water. Place the white card, trimmed to 5 1/4 x 4" inside the folder, with the inked side on the top and run it through your machine.

Remove the embossed card and hold upright, spraying water on to the diamond, encouraging the Hedgerow ink to "drip". At this point, you can add more ink direct to your artwork or to the folder and re-emboss your card.

Once happy with the effect, blast dry with your heat tool.
