Reflection Collection Lake Scene Card

EEN PROJECT UIT ONZE LIVESHOW - HOBBYMAKER TV - 7 MEI 2026

HET EINDRESULTAAT

OVER DIT PROJECT

Create a beautiful lakeside scene card featuring herons and water reflections using the Reflection Collection stamps. This elegant design uses layered stamping to build depth and perspective, with birds silhouetted against a serene waterscape complete with reeds and atmospheric details. The technique produces a professional-looking scene without the need for complex ink blending or acetate overlays.

TIPS UIT DE SHOW

- You don't need to do any ink blending - the patterned paper provides the background wash effect
- Stamp the background elements lightly first, then re-stamp darker areas to create perspective
- You can use any papers from your stash as the background - the stamps work with everything
