# White Embossed Shaker Card with Decorative Frame

EEN PROJECT UIT ONZE LIVESHOW - CREATE AND CRAFT TV- SBM ONE DAY SPECIAL - 5 MEI 2023

HET EINDRESULTAAT

OVER DIT PROJECT

Create a sophisticated white embossed shaker card with an elegant decorative frame. This clean and minimal design features a chamfered aperture window filled with delicate shaker elements, all in crisp white tones. The main technique involves using an embossing folder with a built-in die to create both the embossed texture and the perfect frame opening in one pass.

### TIPS UIT DE SHOW

• If you don't want to cut the frame aperture, simply remove the die from the folder and use it as a traditional 3D embossing folder without cutting.
• Don't force your machine; if resistance is felt, swap out your plates to suit your specific die-cutting machine.
• The acetate sheets are included in the bundle, so you have everything needed to create shaker cards immediately.
