

Timber Embossing Folder Textured Background

EEN PROJECT UIT ONZE LIVESHOW - HOBBYMAKER TV - 7 MEI 2026

HET EINDRESULTAAT

OVER DIT PROJECT

Create a beautiful wood-grain textured background using an embossing folder to add tactile depth to your cardmaking projects. This technique produces a striking black and white timber effect that works perfectly for rustic designs, masculine cards, or Christmas themes. The embossed pattern creates wonderful dimension that can be enhanced with inking or left natural for a clean, modern look.

STAP 3 VAN 7

Blend the black ink with your finger to create a softer, more natural wood appearance. Gently rub the ink across the embossed surface to soften the texture and achieve a realistic timber effect.

STAP 4 VAN 7
