STAP VOOR STAP

STAP 1 VAN 11

Place the holographic paper into the Elegant Rose embossing folder and die set. Run it through your die-cutting machine to emboss and cut the floral pieces.

2

STAP 2 VAN 11

Carefully remove the die-cut pieces from the embossing folder by gently peeling away the tape to access the individual floral embellishments.

3

STAP 3 VAN 11

Prepare pieces of white cardstock. Spray them with water to create a wet surface for watercolour painting.

4

STAP 4 VAN 11

Apply teal ink to the white card panel using an ink blending tool, working the colour into the embossed pattern. Allow the ink to naturally disperse into the embossed veins and details for a watercolour effect.

5

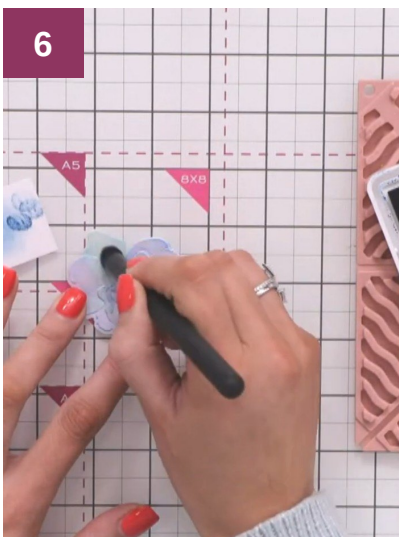

STAP 5 VAN 11

Add pink ink to the centre of the flower whilst the paper is still wet, allowing the colours to blend naturally on the watercolour paper.

6

STAP 6 VAN 11

Using a water brush, paint the stamped petals with blue watercolour, leaving small areas of white space in the centre of each petal to create the effect of light coming from above.

[BEKIJK DEZE STAP - 28:00](#)

STAP 7 VAN 11

Paint additional embellishments such as leaves and smaller flowers using green and other coordinating colours. Add details to individual flowers to create depth and interest.

STAP 8 VAN 11

Spray a piece of holographic cardstock with water. Drop yellow and orange ink into the centre of the wet surface, allowing the colours to blend together.

BEKIJK DEZE STAP - 37:00

STAP 9 VAN 11

Add teal splashes to the background using a pen or brush to create small dots and marks. This ties in with the flower colours and creates cohesion across the design.

BEKIJK DEZE STAP - 38:30

10

STAP 10 VAN 11

Adhere the painted floral panel onto the dark holographic cardstock using adhesive. Smooth down firmly to ensure a secure bond.

[BEKIJK DEZE STAP - 42:00](#)

11

STAP 11 VAN 11

Stamp a sentiment onto the card using black ink. Position the sentiment towards the bottom of the floral design to complete the card.

TIPS UIT DE SHOW

- You can paint the embossed pieces with a brush if you prefer, or use the wet watercolour spray technique for a different effect.
- Always leave a little bit of white space to create the impression of light coming from above.
- Backgrounds often look unattractive when first started, but they will be covered partially anyway, so bear with the process.
