STAP VOOR STAP

1

STAP 1 VAN 16

Using the Gerbera daisy die set, cut two large petal pieces and two smaller petal pieces from white cardstock. Place the black cutting mat on your work surface to organize the die-cut pieces.

2

STAP 2 VAN 16

Colour both the front and back of all four petal pieces with pink alcohol ink, working from the inside outward to achieve an even coverage.

3

STAP 3 VAN 16

Using tweezers, pinch the petals of the pink gerbera daisy to shape them. Mist the coloured petals lightly with water from a spray bottle to activate the paper fibres.

4

STAP 4 VAN 16

Using tweezers, gently pinch each pink petal close to the centre to create natural curves and dimension. Work your way around the flower, pinching each petal to add shape.

[BEKIJK DEZE STAP - 20:15](#)

STAP 5 VAN 16

Use a medium ball stylus on a molding mat to cup and shape the pink gerbera daisy petals. Work each petal gently to create dimension and a natural curved appearance.

[BEKIJK DEZE STAP - 21:00](#)

STAP 6 VAN 16

Cut three centre pieces from the Gerbera Daisy die set. Colour them with a lighter pink shade using your colouring tool to create contrast with the main petals.

[BEKIJK DEZE STAP - 21:30](#)

STAP 7 VAN 16

Take the smaller pink flower centre pieces and cup them using a small ball stylus on your craft mat. Gently work around each piece to create a curved, dimensional shape.

[BEKIJK DEZE STAP - 22:00](#)

8

STAP 8 VAN 16

Using tweezers to hold the die-cut flower pieces, pierce a hole through the centre of each pink gerbera daisy layer with a paper piercing tool. This will allow you to layer them together later.

[BEKIJK DEZE STAP - 23:00](#)

9

STAP 9 VAN 16

Layer the smaller pink flower centre piece on top of the larger one, offsetting the petals slightly to create dimension. Add the green centre piece, again offsetting for a full, realistic appearance.

[BEKIJK DEZE STAP - 24:00](#)

10

STAP 10 VAN 16

Add small pearl embellishments to the centre of the pink gerbera daisy to create a hard, shiny finish like a real daisy. Use tweezers or your fingers to position the pearls whilst the ink is still slightly tacky to help them adhere.

[BEKIJK DEZE STAP - 25:00](#)

11

STAP 11 VAN 16

Cut two circles using round dies (approximately 7 inches diameter). Fold each circle in half to create the card bases. Burnish the folds with a bone folder to create crisp creases.

[BEKIJK DEZE STAP - 27:45](#)

12

STAP 12 VAN 16

Take the larger semi-circle piece with the pink border and emboss it using the Renaissance wallpaper embossing folder. Run it through your die-cutting machine to create the raised pattern on the white surface.

[BEKIJK DEZE STAP - 28:15](#)

13

STAP 13 VAN 16

Score a 1 x 4 inch strip of pink cardstock at 1 inch, 2 inch and 3 inch intervals. Fold the strip into a W-shaped bridge to stabilise the rocker mechanism.

[BEKIJK DEZE STAP - 28:45](#)

14

STAP 14 VAN 16

Glue the W-shaped bridge piece inside the rocker card between the two halves to prevent them from separating. Press firmly to secure the bridge in place, creating an interactive rocker card mechanism.

[BEKIJK DEZE STAP - 29:30](#)

15

STAP 15 VAN 16

Arrange foliage pieces, such as Ostrich fern die-cuts, around the base of the flower pot on the card front to frame the gerbera daisy arrangement. Position the greenery to create a natural, balanced look.

[BEKIJK DEZE STAP - 30:00](#)

16

STAP 16 VAN 16

Attach the completed heart-shaped floral topper to the top section of the rocker card base, positioning it centrally over the embossed pattern. Press firmly to secure in place.

[BEKIJK DEZE STAP - 31:00](#)

TIPS UIT DE SHOW

- Colour both front and back of petals for realistic, natural-looking flowers.
- Use a glue with viscosity that dries clear so petals set properly without visible residue.
- Add a W-shaped bridge inside rocker cards to prevent them from separating when opened.
