EEN PROJECT UIT ONZE LIVESHOW - CREATE TOGETHER CLUB - 3 MEI 2023

HET EINDRESULTAAT

OVER DIT PROJECT

Create a stunning three-dimensional house card featuring a charming cottage surrounded by flowers and foliage. This project uses stamping and decoupage techniques to build up layers, creating depth and dimension with handmade foam pads. The finished card has a beautiful holographic rainbow background that makes the black line art design really pop.

TIPS UIT DE SHOW

- Use offcuts from your card scraps to make foam pads—they do not need to be neat as nobody sees behind.
- Twist the edges of the top layer elements slightly to create additional dimension and visual interest.
- You can colour, sparkle or embellish the 3D house further if desired.
