

Verguld embossingfoldereffect op zwart karton

EEN PROJECT UIT ONZE LIVESHOW - CREATE TOGETHER CLUB - 27 APRIL 2023

OVER DIT PROJECT

Create a luxurious gilded effect on black cardstock using heat embossing with metallic powder and an embossing folder. This stunning technique produces a dimensional, textured finish in gold that resembles an ornate wax seal or precious metal embellishment. The crackling embossed appearance features an elegant floral design perfect for sophisticated card making and papercrafts.

Getoond: 27 april 2023

Het project begint: 9:30 na het begin van de show

In deze handleiding: 12 stappen, allemaal met foto

[BEKIJK HET IN DE SHOW](#)

STAP VOOR STAP

STAP 1 VAN 12

Cut your black cardstock to fit your embossing folder. Ensure the cardstock is slightly smaller than the folder to allow for proper embossing.

[BEKIJK DEZE STAP - 9:45](#)

2

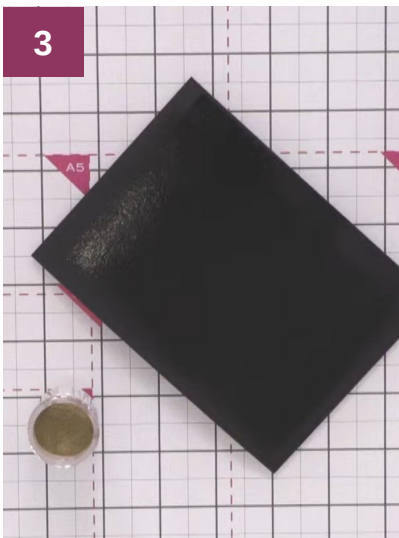

STAP 2 VAN 12

Apply sticky embossing ink pad to the black cardstock, pressing down firmly to ensure even coverage over the surface.

[BEKIJK DEZE STAP - 10:00](#)

3

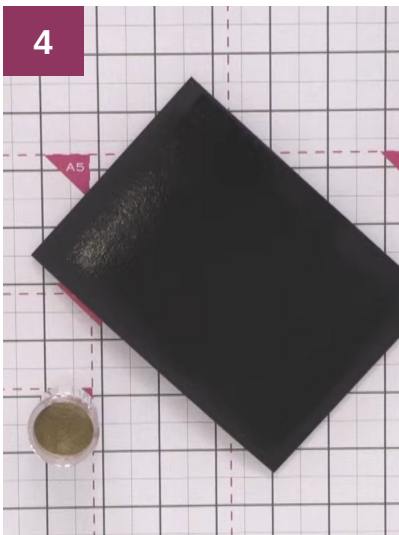

STAP 3 VAN 12

Sprinkle metallic gold embossing powder over the inked black cardstock. Tap off the excess powder back into the jar.

[BEKIJK DEZE STAP - 11:00](#)

4

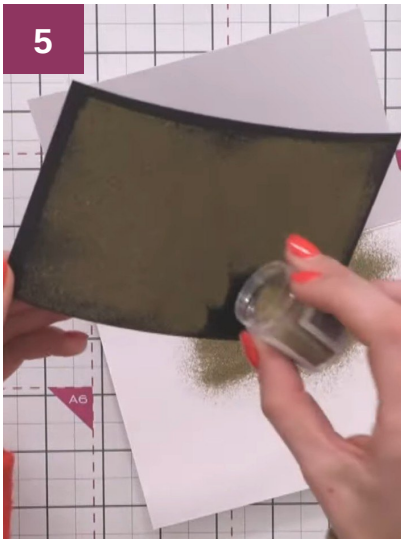

STAP 4 VAN 12

Heat set the gold embossing powder with a heat gun, holding it over the cardstock until the powder is fully melted and has a smooth, shiny finish.

[BEKIJK DEZE STAP - 11:30](#)

5

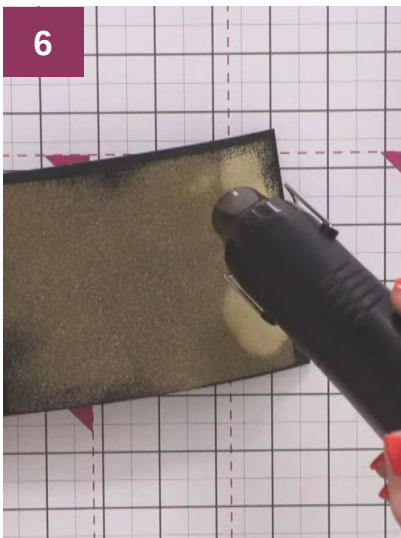

STAP 5 VAN 12

Allow the cardstock to cool completely after applying the metallic powder. The embossed design will set as it cools, creating a gilded effect on the black cardstock.

[BEKIJK DEZE STAP - 12:00](#)

6

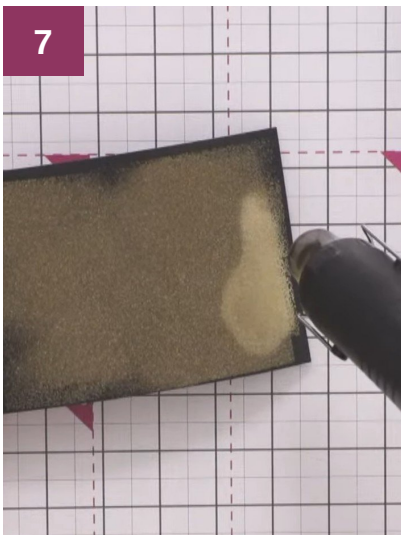

STAP 6 VAN 12

Apply sticky embossing ink again to the same area of the black cardstock panel, covering the previously heat embossed metallic gold surface.

[BEKIJK DEZE STAP - 12:30](#)

7

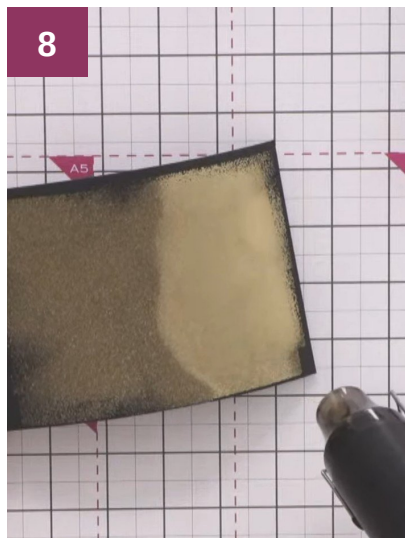

STAP 7 VAN 12

Using the heat gun, apply heat to the embossing powder until it melts and creates a metallic gold finish on the black cardstock. Hold the heat gun close to the surface and move it steadily across the powder.

[BEKIJK DEZE STAP - 12:45](#)

8

STAP 8 VAN 12

Heat set the metallic gold powder with the heat gun, moving it across the surface until the powder is fully melted and set.

[BEKIJK DEZE STAP - 13:00](#)

9

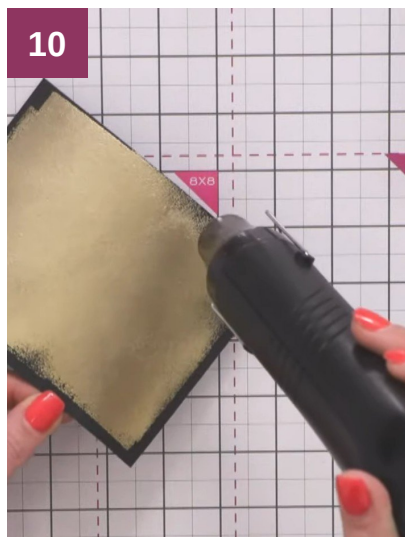

STAP 9 VAN 12

Once the cardstock has cooled, carefully place it into your embossing folder ready for embossing.

[BEKIJK DEZE STAP - 13:15](#)

10

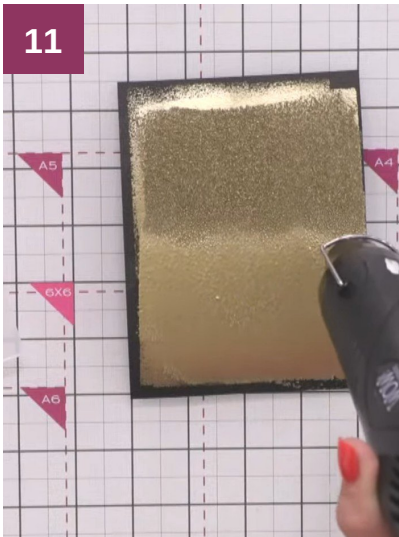

STAP 10 VAN 12

Run the embossing folder with the inked black cardstock through your die-cutting machine using firm pressure to create the embossed design.

[BEKIJK DEZE STAP - 13:30](#)

11

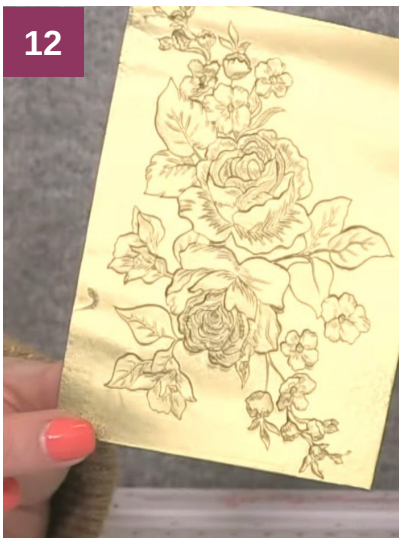

STAP 11 VAN 12

Carefully open the embossing folder to reveal the debossed gilded effect on the black cardstock.

[BEKIJK DEZE STAP - 17:15](#)

12

STAP 12 VAN 12

Trim the edges of your gilded cardstock panel to remove any uneven borders and reveal the finished metallic embossed effect.

[BEKIJK DEZE STAP - 20:30](#)

TIPS UIT DE SHOW

- If the embossing folder becomes slightly warped from heat, it will still work for future use.
- If you are unhappy with the result, apply sticky ink again, add more powder, and melt it back smooth to start over.
- Use thick embossing powder to reduce the number of layers needed and speed up the process.
