Interactieve A-Z-vouwkaart Happy Home

EEN PROJECT UIT ONZE LIVESHOW - CREATE TOGETHER CLUB - 20 APRIL 2023

HET EINDRESULTAAT

OVER DIT PROJECT

Create this charming 8x8 inch interactive card featuring a delightful housing estate scene with a clever A-Z fold mechanism. The design showcases rustic kraft-toned panels with white heat-embossed floral borders, combined with a white pop-up village scene complete with cottage houses, flowers, and foliage. When opened, the card extends to reveal multiple panels and a dimensional 3D scene that springs to life.

STAP 3 VAN 16

Close the folded card and use a ruler and trimmer to cut approximately 1.5 inches (4 cm) off the bottom edge to create a neat, even base.

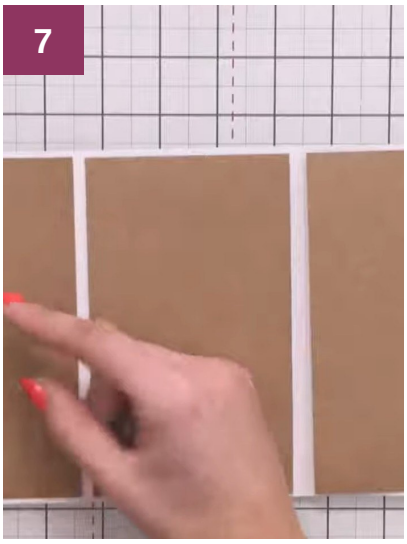
7



STAP 7 VAN 16

STAP 12 VAN 16

Take the white card panels and adhere them to the side edges of the kraft panels with the black-stamped flowers. This creates the hinge mechanism for the interactive fold.

STAP 13 VAN 16

Arrange the pre-cut house stamp images on the central panel to create a housing estate scene. Position the stamped houses to form an attractive layout across the base.

14

STAP 14 VAN 16

Carefully cut away some of the flowers from behind one of the houses to create depth and perspective. This will allow the third house in the middle to stand out more prominently.

STAP 15 VAN 16

Add a craft card panel to the right side of your card to cover any bare white areas and create a finished, polished look.

TIPS UIT DE SHOW

• The long side of the strip piece glues to the front, and the short side creates the square that folds inside—this is the key to making the interactive mechanism work.
• Heat embossing the stamped flowers helps prevent fingerprints and creates a nice textured effect on the background.
• You can use die-cut flowers, foliage, and other elements from your stash to build up the scene—don't feel limited to just stamping.
