

Embossing Folder Kissing Technique with Patterned Stamp

EEN PROJECT UIT ONZE LIVESHOW - MONDAY PODCAST - 17 APRIL 2023

OVER DIT PROJECT

Create a stunning textured card featuring an intricate floral pattern in soft pink and white tones. Using the kissing technique, you'll transfer a detailed stamped design directly from an embossing folder onto cardstock, producing beautiful raised flowers and delicate lacework. This clever method combines embossing and stamping to achieve impressive results with minimal effort.
