

Embossingfoldertechniek met sprayinkt

EEN PROJECT UIT ONZE LIVESHOW - MONDAY PODCAST - 17 APRIL 2023

HET EINDRESULTAAT

OVER DIT PROJECT

Create a beautifully textured card panel using spray ink and an embossing folder. This technique produces a soft, atmospheric finish in teal tones, with delicate colour settling into the embossed floral design. The result is an elegant, misted effect perfect for sophisticated card making.

STAP 1 VAN 5

STAP 2 VAN 5

Spray the ink onto both sides of the embossing folder from a distance to avoid over-saturating. Ensure even coverage across the folder surface.

STAP 3 VAN 5

Place the misted cardstock into the embossing folder, ensuring the wet side faces the embossing design. Press the folder firmly closed to transfer the colour and create the embossed pattern.

Carefully remove the cardstock from the embossing folder. Set aside and allow the spray ink to dry completely before proceeding to the next step.

If desired, layer additional ink colours over the embossed design to create deeper, more complex effects. Gently blend the colours together for a richer finish.

TIPS UIT DE SHOW

- Spray from a distance to create a light, even mist rather than heavy saturation.
- Allow the spray ink to dry fully before handling to avoid smudging.
