

Halo-effect met embossingfolder en inktkussen

EEN PROJECT UIT ONZE LIVESHOW - MONDAY PODCAST - 17 APRIL 2023

OVER DIT PROJECT

Create an elegant card featuring a delicate floral design with a beautiful halo effect. Using an embossing folder and ink pad, you'll build up soft pink and grey tones around embossed roses and foliage on a white lacy background. This striking technique draws the eye to the central motif by pushing the background into shadow whilst keeping the focal point bright and dimensional.

STAP 5 VAN 6

Create a halo effect around the embossed floral image by applying darker ink around the border of the design. Concentrate the colour at the edges to push the background back and make the central image stand out.
