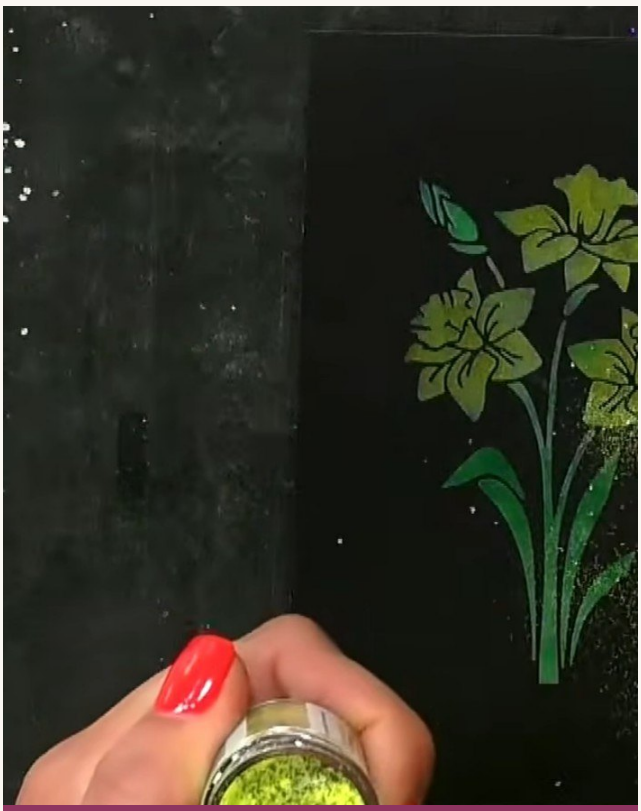
Pigment Ink Layered Daffodil on Black Card

EEN PROJECT UIT ONZE LIVESHOW - CREATE AND CRAFT BIRTHDAY EVENT - 17 APRIL 2023



HET EINDRESULTAAT

OVER DIT PROJECT

Create a stunning layered daffodil card on dramatic black cardstock using vibrant pigment inks in yellow, green and white. This project demonstrates the art of building depth through ink layering, taking advantage of pigment inks' slow-drying properties to blend colours beautifully. Finish your floral design with sparkling embossing powder for an elegant, eye-catching effect.

STAP VOOR STAP

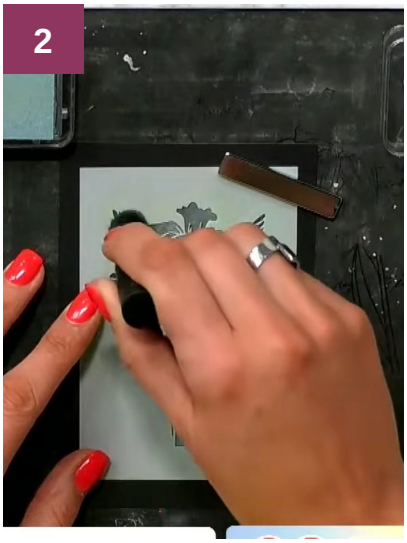
1

STAP 1 VAN 6

Apply grey-blue pigment ink to the floral stamp using a dauber or sponge. Use this as an underlay colour on black cardstock, stamping the image firmly to transfer the ink.

BEKIJK DEZE STAP - 52:15

2

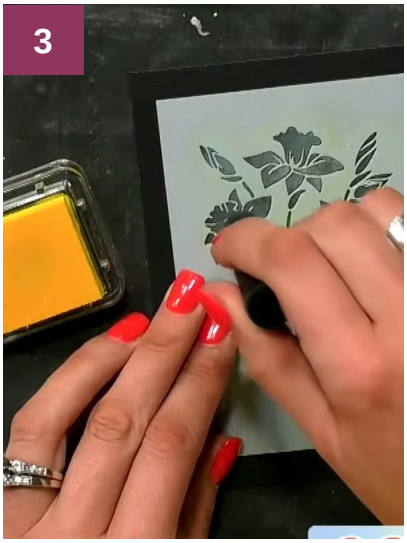


STAP 2 VAN 6

Position the stencil over the stamped floral image on the black card. Using a sponge dauber, apply yellow pigment ink through the stencil onto the flower areas, layering it over the previous white ink.

BEKIJK DEZE STAP - 53:00

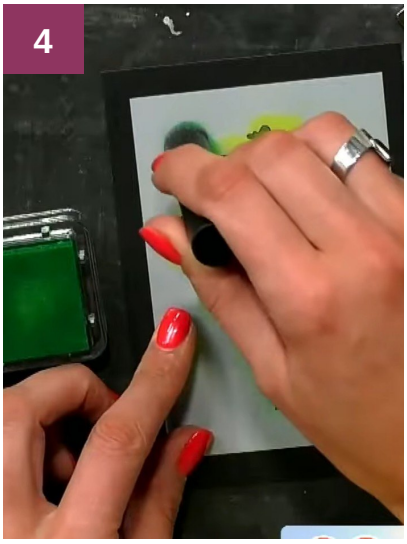
3



STAP 3 VAN 6

Add green pigment ink over the stencilled design to introduce additional colour variation. Layer the green ink on top of the existing blue tones to create depth.

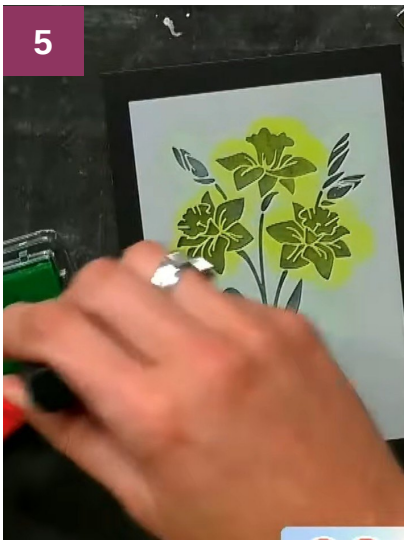
BEKIJK DEZE STAP - 53:30



STAP 4 VAN 6

Sprinkle embossing powder onto the wet pigment ink in the centres of the flowers. Ensure the powder covers all the inked areas completely.

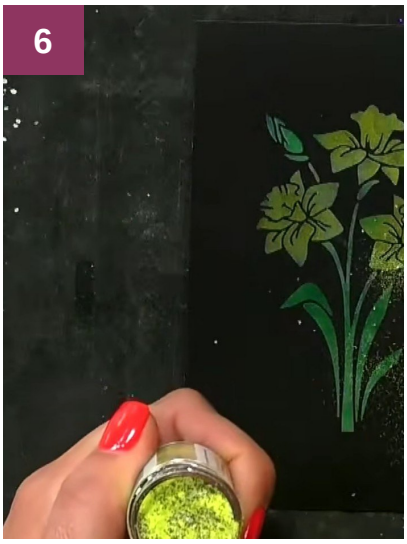
BEKIJK DEZE STAP - 54:00



STAP 5 VAN 6

Tap off the excess embossing powder from your stamped image back into the pot. Use gentle tapping motions to remove any powder that hasn't stuck to the wet ink.

BEKIJK DEZE STAP - 54:15



STAP 6 VAN 6

Heat set the embossing powder with a heat gun, moving it over the design until the powder melts and creates a shiny, sparkly finish on the daffodils.

BEKIJK DEZE STAP - 54:30

TIPS UIT DE SHOW

- Pigment inks have an oil-based consistency that keeps them wet longer, allowing you to add embossing powder and create special effects.
- You can layer multiple colours of pigment ink on top of each other without creating a mess.
- Embossing powder on pigment ink creates an ornate, dimensional finish.
