EEN PROJECT UIT ONZE LIVESHOW - CREATE AND CRAFT BIRTHDAY EVENT - 17 APRIL 2023

OVER DIT PROJECT

Create an elegant layered card featuring delicate daffodils that appear to emerge from behind patterned paper. Using stencilling techniques with soft yellows and blues on floral-patterned backgrounds, you'll build a sophisticated three-dimensional design. This project combines stencilling, layering and careful positioning to achieve a beautiful textured effect perfect for any occasion.

TIPS UIT DE SHOW

- Use offcuts of paper rather than cutting into fresh sheets to avoid waste.
- The stencil is delicate but packs a punch on a card when layered with other elements.
- Positioning the stencil and stamp to create the illusion of depth makes the design more interesting.
