

Geëmbosste sjabloonkaart met WOW-poeder

EEN PROJECT UIT ONZE LIVESHOW - CREATE AND CRAFT BIRTHDAY EVENT - 17 APRIL 2023

OVER DIT PROJECT

Create a striking card featuring the Hazy Days stencil with shimmering WOW embossing powder in a beautiful teal-gold tone. The stencil is inked and heat embossed to create a dimensional, textured effect on deep purple card stock, adorned with delicate yellow daffodils and blue foliage. This elegant technique combines stencilling and embossing to produce a professional, eye-catching finish perfect for spring greetings.

STAP 4 VAN 8

Remove the embossing powder tin from the stencil to reveal the clear ultra slow drying ink showing through the stencil design on your card.

[BEKIJK DEZE STAP - 38:15](#)

STAP 5 VAN 8

Tap off the excess embossing powder back into the pot, ensuring all loose powder is removed from the card surface.

[BEKIJK DEZE STAP - 38:30](#)

STAP 6 VAN 8

Heat-set the embossing powder using an embossing gun, moving it over the design until the powder becomes shiny and raised. Continue heating until all the powder has melted and the embossed pattern is crisp.

STAP 7 VAN 8

Mount the embossed panel onto a contrasting card base. The teal embossed design sits on the dark navy floral patterned card, creating a striking frame effect with the daffodils positioned at the corners.

TIPS UIT DE SHOW
