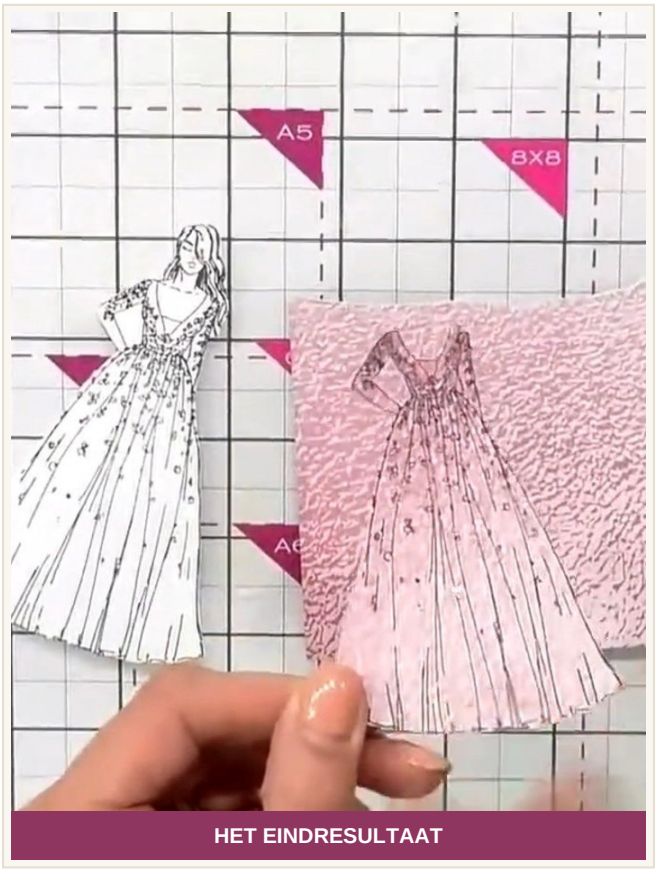
Francesca Layered Frame Card with Patterned Dress

EEN PROJECT UIT ONZE LIVESHOW - CREATE AND CRAFT SHOW 7TH ARPIL - 7 APRIL 2023



HET EINDRESULTAAT

OVER DIT PROJECT

Create an elegant card featuring the Francesca lady stamp with a beautifully layered floral frame and a patterned paper dress in soft pink tones. This project demonstrates how to add colour and texture to stamped images using patterned paper rather than hand-colouring. The finished card combines delicate stamping with dimensional layering for a sophisticated, feminine design.

TIPS UIT DE SHOW

- You don't need to colour a single thing when using patterned paper for the dress.
- You can cut multiple dress versions from different patterned papers and layer them for variety.
- This technique is similar to paper dolls from magazines, allowing creative mixing and matching of dress patterns.
