

Flat Francesca Frame Card with Stencil Layering

EEN PROJECT UIT ONZE LIVESHOW - CREATE AND CRAFT SHOW 7TH APRIL - 7 APRIL 2023

HET EINDRESULTAAT

OVER DIT PROJECT

Create a beautiful flat card featuring a vintage-style floral frame using the Francesca frame stencils. Build up delicate layers of pink flowers with brown and green foliage using a four-stencil layering system to achieve depth and dimension. This elegant design demonstrates how the frame stencils alone can create a stunning standalone card without requiring die-cuts.

Add die-cut floral elements around the frame for additional dimension and interest. Position the flowers and foliage pieces around the outer edges of the frame, layering them to create depth.

STAP 8 VAN 8

Stamp a sentiment into the centre of the frame if desired. This completes your flat Francesca frame card with stencilled floral layering.

TIPS UIT DE SHOW

- The frame stencils work beautifully on their own without the lady die-cuts.
- You can create different looks by changing your colour palette from vintage to modern.
- Changing colours completely transforms the appearance of the same frame design.
