

Layered Potted Flowers Card with Coloured Cardstock

EEN PROJECT UIT ONZE LIVESHOW - HSN PRODUCT INSPIRATION - 20 OKTOBER 2026

OVER DIT PROJECT

Create a beautiful card featuring layered potted flowers in varying shades of green and brown cardstock. The dimensional layering technique builds depth and allows you to create multiple pots in one pass, which can be positioned flat or with 3D foam pads for added perspective. This elegant design showcases hanging plants in decorative pots arranged in a striking vertical composition.

STAP VOOR STAP

1

STAP 1 VAN 7

Cut a piece of brown cardstock to size. Position the brown cardstock on your die-cutting machine plate with the pot die on top.

2

STAP 2 VAN 7

Cut three different shades of green cardstock using the same pot die to create your layering system. This will give you three identical pot shapes in varying green tones.

3

STAP 3 VAN 7

Carefully remove all die-cut pieces from the magnetic glass plates. Take care to remove the small floral filler pieces as well as the larger bird and flower elements.

STAP 5 VAN 7

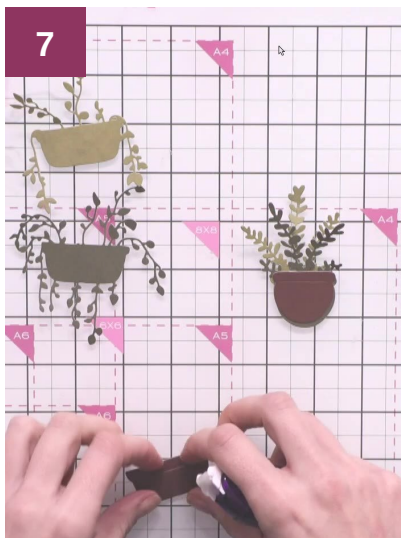

Add small floral pieces to the top of the layered pots using glue. Position the delicate foliage and flower elements onto each pot arrangement to complete the design.

[BEKIJK DEZE STAP - 32:57](#)

STAP 6 VAN 7

Apply a small 3D foam pad to the back of the brown pot piece to add dimension to your layered assembly.

TIPS UIT DE SHOW

- If an intricate die doesn't cut all the way through, place a piece of paper underneath your cardstock on the cutting mat to help the die push through more effectively.
- You can use any shades of green or brown from your cardstock stash; if you don't have coloured cardstock, use white and add ink to it instead.
