Abstract Tulip Layered Stencil Card with Watercolour Spray Effect

EEN PROJECT UIT ONZE LIVESHOW - ANYTHING GOES - 22 MAART 2023

HET EINDRESULTAAT

OVER DIT PROJECT

Create a stunning layered stencil card featuring abstract tulips in soft pinks and greens. This project demonstrates two beautiful techniques: precise stencilling for a clean, contemporary look, and a watercolour spray effect that creates artistic bleeds and blends around the floral design. The finished card showcases elegant tulip blooms with the sentiment 'Collect Beautiful Moments'.

STAP 2 VAN 12

Place stencil number one on your card base. Line up the heart registration marks in the corners to ensure proper alignment for the layered design.

STAP 3 VAN 12

Ink through the four heart registration marks on the stencil using your chosen ink colour to create alignment guides on your card base.

STAP 4 VAN 12

Ink through stencil one with pink ink, pressing firmly to transfer the colour through the stencil onto the card. The design will show a pink leaf or petal shape on your white card.

STAP 6 VAN 12

Position stencil three (the leaves layer) on your card, lining up the registration hearts. Apply green ink through the stencil using your ink applicator to create the leaf elements.

STAP 7 VAN 12

Place stencil four on the card, aligning the registration hearts. Ink through the stencil using teal ink to add the final layer to the tulip design.

STAP 8 VAN 12

Place the stencil on a fresh piece of white card. Using the ink pad, apply the first layer of the tulip design through the stencil, building up the image one layer at a time.

STAP 9 VAN 12

After inking stencil one, lightly mist the inked area with water from a spray bottle. Allow the pink ink to bleed and spread, creating a soft watercolour effect around the tulip shapes.

STAP 10 VAN 12

After inking each subsequent stencil layer, lightly spray with water to create the watercolour effect. Be careful not to over-saturate the card. Use a white tool or cloth to gently blend if needed.

STAP 11 VAN 12

Once the watercolour spray is completely dry, use a paintbrush to flick gold confetti ink across the stamped tulip design, creating splatter details for extra sparkle and dimension.

STAP 12 VAN 12

Use the coordinating die to cut out the layered tulip design. Mount the die-cut piece onto a contrasting card base to complete your card.

TIPS UIT DE SHOW

- You only need to use the heart registration system once; after that, you can align the stencils by eye.
- Run the stencils under a hot tap at low pressure to clean them between colours—the ink slides off easily without needing a cloth.
- Do not over-spray with water when creating the watercolour effect, as too much water can cause the design to blur completely.
