

Watercolour Sunset Background with Stamped Landscape

EEN PROJECT UIT ONZE LIVESHOW - CREATE AND CRAFT SHOW 18TH MAR 23 - 18 MAART 2023

OVER DIT PROJECT

Create a beautiful watercolour sunset card featuring vibrant orange, yellow and purple tones that blend softly into one another. This project uses reactive inks and water to create a stunning graduated background, which is then enhanced with a stamped landscape scene. The finished piece has a serene, artistic quality with the landscape appearing to emerge from the colourful horizon.

STAP VOOR STAP

STAP 1 VAN 9

Wet your watercolour card thoroughly with water using a brush or spray. Place the wet card onto your wet mat to prevent it from curling as you work.

STAP 2 VAN 9

Apply yellow ink to the wet card using a flat brush, working it into the surface with smooth strokes.

STAP 3 VAN 9

Apply pink ink to the card, blending it with the yellow to create a tropical sunset effect. Work the pink colour into the gradient, focusing on the areas where you want warmer tones.

STAP 4 VAN 9

Apply blue ink to the upper portion of the card to represent the sky, blending gently with the orange and yellow colours below to create a smooth transition.

STAP 5 VAN 9

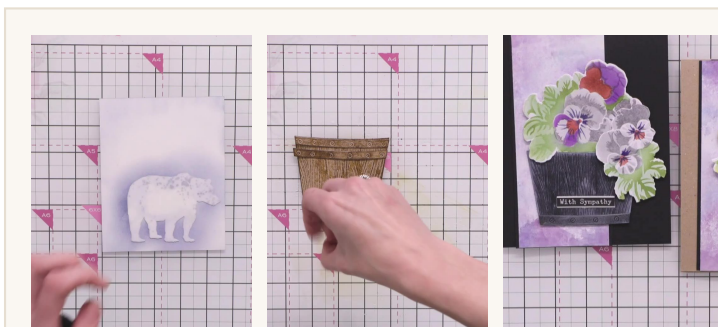

Use your heat tool to blast off excess water from the watercoloured panel. This will lighten the colours and create a bright horizon line effect across the centre of your sunset background.

STAP 6 VAN 9

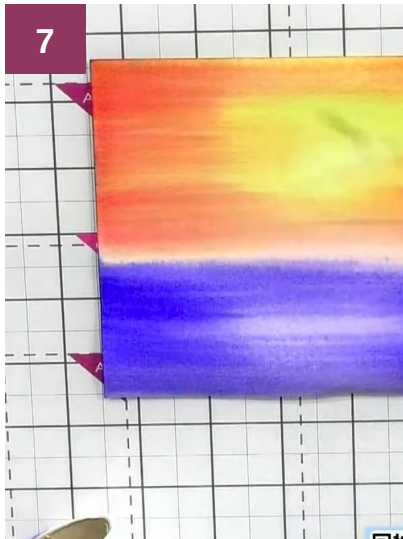

Use a clean, damp brush to lift out a circular area in the centre of the sunset for the sun, creating a bright focal point. Gently work the brush in circular motions to remove colour and reveal the white card beneath.

STAP 7 VAN 9

Once the background is completely dry, stamp your landscape scene onto it using white ink. Position the stamp carefully to create your desired composition across the sunset gradient.

[BEKIJK DEZE STAP - 17:45](#)

STAP 8 VAN 9

Apply white embossing powder to the stamped image. Heat set the embossing powder to seal and add dimension to the design.

[BEKIJK DEZE STAP - 18:00](#)

STAP 9 VAN 9

Add coloured sparkle pen details over the top of your sunset background to enhance the design. Focus on areas where you want to add extra shimmer and dimension to the watercoloured scene.

TIPS UIT DE SHOW

- Don't worry if you make mistakes—it's just a piece of card and you can always start again.
- You can skip the embossing powder step if you prefer, or add more colour on top afterwards.
- The reactive inks will blend beautifully with water, so don't be afraid to experiment with colour placement.
