Reflection Landscape Card with Framed Scene

EEN PROJECT UIT ONZE LIVESHOW - CREATE AND CRAFT SHOW 17TH MAR 23 - 17 MAART 2023

HET EINDRESULTAAT

OVER DIT PROJECT

Create a beautiful card featuring a romantic silhouette scene of a couple on a bench beneath a palm tree, set against a stunning sunset sky. The design uses water-reactive inks in warm oranges, yellows and pinks to create an atmospheric gradient background, with bold black stamped silhouettes creating dramatic contrast. This project combines stamping techniques with ink blending and stencil framing to build depth and tell a romantic story in a reflective landscape composition.

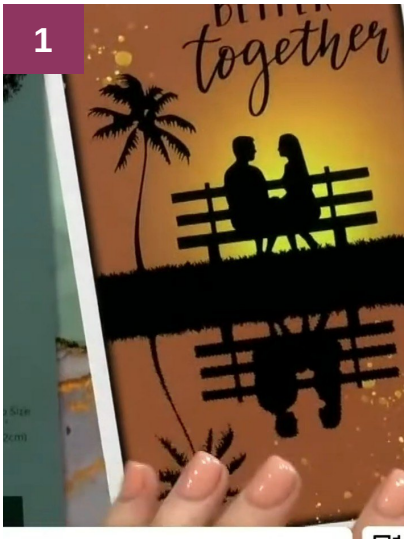
STAP VOOR STAP



STAP 1 VAN 8

Prepare your card base using white cardstock. Apply a sunset-inspired colour wash using water-reactive inks, blending yellow, orange and warm tones together across the cardstock to create a graduated background.

STAP 2 VAN 8

Apply a darker orange or yellow ink around the edges of your sunset panel using a blending brush. Work the ink inwards to create a vignette effect that frames the central lighter area of the sunset.

STAP 3 VAN 8

Position the Stylized Frame stencil on your card as an aperture to frame your focal point. Place it over the blended background to determine the best placement for your scene.

STAP 4 VAN 8

Stamp the couple from the Better Together stamp set within the stencil frame, positioning them to appear as if sitting on a bench overlooking the sunset landscape. Use black ink to create a silhouette effect against the coloured background.

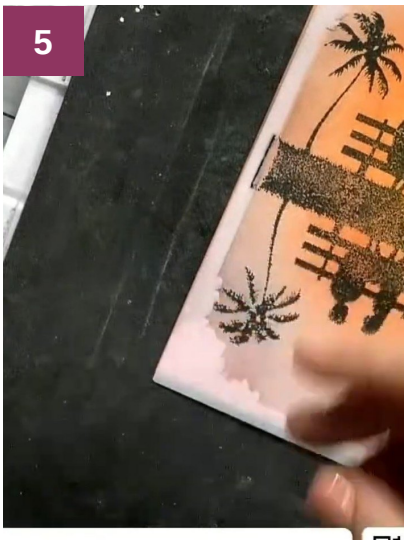
5



STAP 5 VAN 8

Stamp the reflection tree design below the couple silhouette to create a water reflection effect. Position the stamp so the scene appears mirrored in the water below. Add the word 'perfect' or similar sentiment in the lower left area of the card.

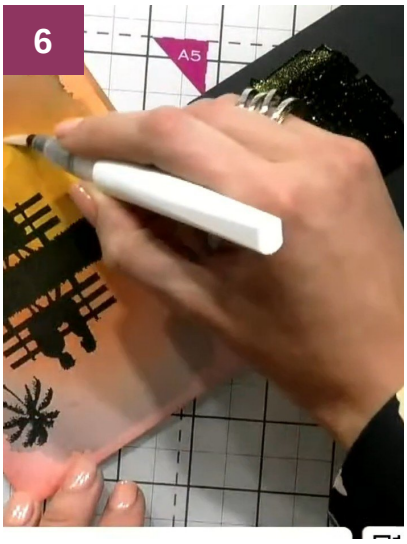
6



STAP 6 VAN 8

Using a white pen or white ink, add highlights to the sunset area of your card to suggest light catching the water's surface. Create small dots and marks to add sparkle effects across the reflection area.

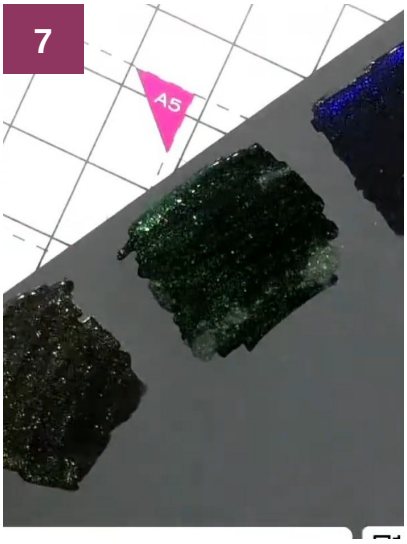
7

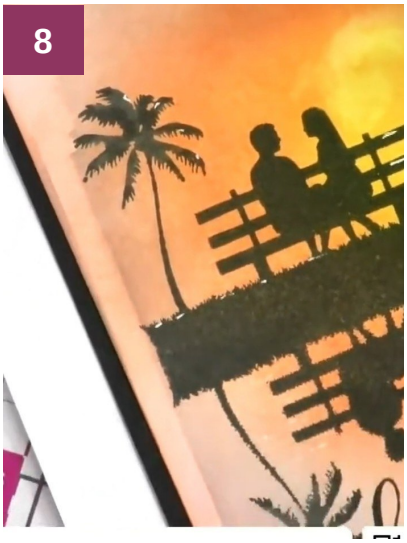


STAP 7 VAN 8

Apply your chosen Stamps By Me Gossip Sparkle pen over the tree or water area to add subtle shimmer. Use clear ink with coloured sparkle that catches the light when the card is moved. Work gently over the stamped areas to enhance the reflection effect.

BEKIJK DEZE STAP - 40:00

8



STAP 8 VAN 8

Add a sentiment or greeting to your card to complete the design. Position it carefully to complement the landscape scene without detracting from the focal point.

BEKIJK DEZE STAP - 44:00

TIPS UIT DE SHOW

• You don't have to use the reflection element of the stamp—you can use just the couple or just the tree as standalone images if preferred.
• The stencil can be used as an aperture frame, or you can stamp inside or outside it for different effects.
• Water-reactive inks blend beautifully, so take your time building up the colour gradually for a more natural sunset effect.
