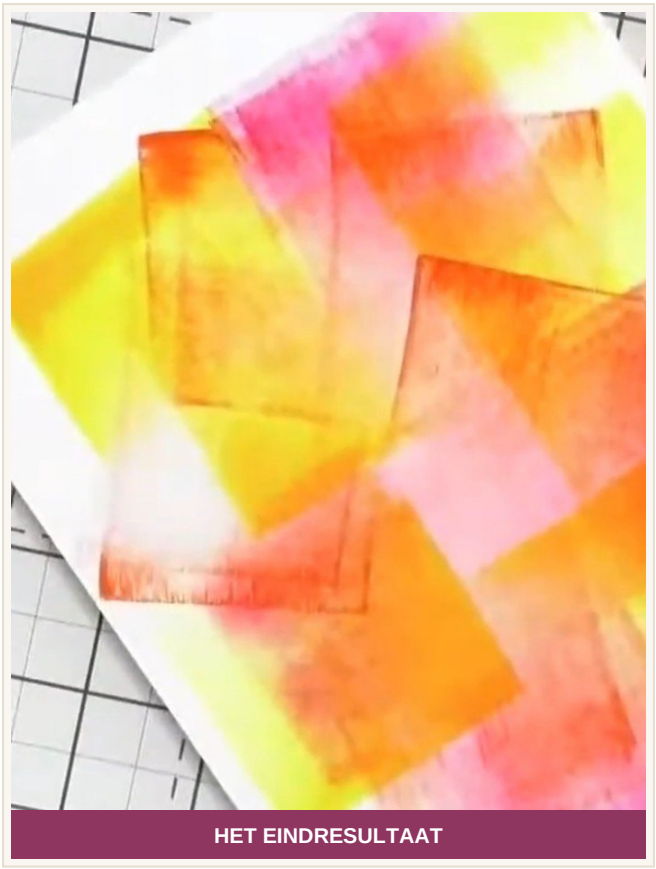
Berghut in de bergen met geëmbosste ster

EEN PROJECT UIT ONZE LIVESHOW - CREATE AND CRAFT SHOW 17TH MAR 23 - 17 MAART 2023



HET EINDRESULTAAT

OVER DIT PROJECT

Create a beautiful scenic card featuring a cosy cabin nestled in misty mountains beneath a starlit sky. This atmospheric design combines vibrant watercolour-style backgrounds in blues, purples and pinks with detailed black stamped imagery. The project uses ink swiping techniques and layered embossing to create depth and texture, with a dimensional embossed star adding a magical finishing touch.

STAP 2 VAN 7

Lift excess ink with a damp towel to create a bleached, softer effect. Allow the pink and orange colours to blend naturally as they dry to form the background.

STAP 3 VAN 7

Position your hand or a piece of card over the section of the colourful swiped background that you want to keep for your main scene. Use this to mask off and identify the area you'll feature in your card design.

STAP 4 VAN 7

Use the Stylized Sketch stencil to emboss a star design at the top of your card. Position the stencil to frame the scene below and emboss through it to create the textured star pattern.

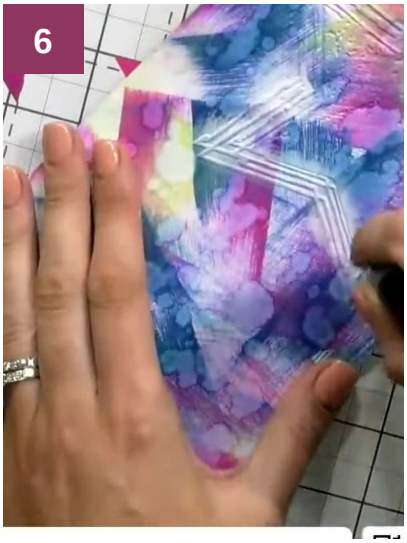
STAP 5 VAN 7

Stamp the cabin and mountains design within or below the embossed star frame using black ink. Position the stamp carefully to complement the embossed pattern created in the previous step.

BEKIJK DEZE STAP - 52:30

6



STAP 6 VAN 7

Using a small detail brush, apply white ink to highlight the embossed star pattern. Work carefully over the raised areas to bring the star forward and create contrast against the coloured background.

BEKIJK DEZE STAP - 53:30

7

STAP 7 VAN 7

Using white ink, add accents to the cabin and foreground to suggest light reflecting on surfaces and water ripples, enhancing the sense of place and dimension in your scene.

BEKIJK DEZE STAP - 54:00

TIPS UIT DE SHOW

- When swiping inks, use gentle pressure to avoid making the background too dark—you want a subtle, atmospheric effect.
- The embossed star creates multiple layers of detail that add dimension, so take time to highlight different areas with white ink to show the depth.
