

Circle Infinity Shaker Card

EEN PROJECT UIT ONZE LIVESHOW - CREATE AND CRAFT SHOW 10TH MAR 23 - 10 MAART 2023

HET EINDRESULTAAT

OVER DIT PROJECT

Create a stunning circular shaker card featuring a beautiful daisy design with a 'Happy Birthday' sentiment. The card showcases white daisies with yellow centres arranged around a transparent shaker window filled with iridescent sequins, all mounted on luxurious gold textured cardstock. This project demonstrates how to construct an innovative infinity shaker mechanism and assemble dimensional floral elements for a sophisticated handmade greeting card.

STAP VOOR STAP

1

STAP 1 VAN 10

Select a circular Infinity Shaker card window from the packet.

2

STAP 2 VAN 10

If you don't have a circle die, use the shaker window as a template. Place it on your kraft cardstock and pencil around it to create a circle outline.

3

STAP 3 VAN 10

Using scissors, carefully cut out the circle from the acetate window, cutting just inside the pencil line to ensure a neat fit within the card aperture.

4

STAP 4 VAN 10

Gently push all the teeth of the circle acetate shaker window inwards so they fold flat against the card.

5

STAP 5 VAN 10

Apply red liner tape or similar adhesive around the back edge of the circle acetate window. Work carefully around the inside of the circle to ensure a secure seal.

6

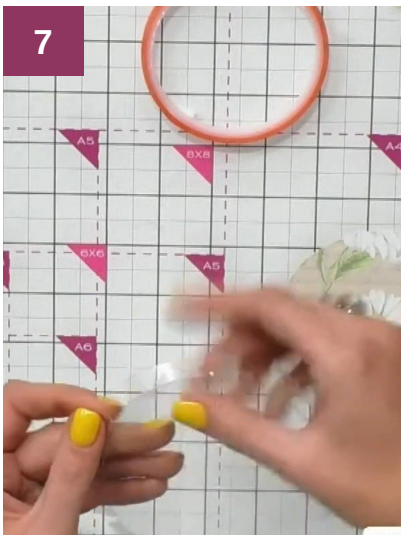

STAP 6 VAN 10

Peel off the protective film from the acetate circle to reveal the crystal-clear surface. Remove the film carefully from both sides of the acetate if present.

7

STAP 7 VAN 10

Place the cardstock circle face down inside the shaker window. Position it so the crystal clear acetate is sandwiched between the card base and the cardstock circle.

[BEKIJK DEZE STAP - 21:30](#)

STAP 8 VAN 10

Pour sequins, beads or other embellishments into the shaker window on your card. Use a variety of colours and sizes to create visual interest within the circle.

[BEKIJK DEZE STAP - 21:45](#)

STAP 9 VAN 10

Fold each tooth of the adhesive tape around the edge of the circle one at a time, working your way around the entire circle to secure it in place.

[BEKIJK DEZE STAP - 22:00](#)

STAP 10 VAN 10

Mount the completed circular shaker element onto your card base using adhesive. Position it centrally on the front of your card to create a striking focal point.

TIPS UIT DE SHOW

- You don't need a die-cutting machine to create the circle—hand cutting works perfectly and the imperfections won't show once it's in the shaker.
- The circular format is forgiving and very effective for wedding invites and special occasion cards.
