

Rectangular Shaker Card with Glitter and Sequins

EEN PROJECT UIT ONZE LIVESHOW - CREATE AND CRAFT SHOW 10TH MAR 23 - 10 MAART 2023

OVER DIT PROJECT

Create a stunning rectangular infinity shaker card featuring beautiful white daisies on a kraft background. This borderless design uses pre-scored acetate windows filled with glitter and sequins to achieve a floating shaker effect without visible foam or frames. The finished card showcases delicate floral imagery with sparkling embellishments that move freely within the sealed acetate chamber.

Score the card back in the opposite direction to the front score line. This allows the shaker elements to move freely inside the card when it's assembled.

TIPS UIT DE SHOW

- The pre-scored and pre-taped design means you don't need to add foam padding, eliminating the risk of glitter spilling out.
- You can fill shaker cards with seeds, buttons, beads, sequins or even a five pound note.
- The acetate is thick and high-end, creating a beautiful dome effect without cloudiness on the score lines.
