

Sanded Heart Embossed Card with Love Heart Character

EEN PROJECT UIT ONZE LIVESHOW - MONDAY MADNESS - 6 MAART 2023

OVER DIT PROJECT

Create a charming congratulations card featuring a textured pink embossed heart background with a dimensional focal point. The design combines embossing and sanding techniques to create a distressed vintage effect, layered with die-cut hearts in coral and a sweet character stamp wearing sunglasses. This eye-catching card uses bold pink tones with black accents for a modern, playful finish.

STAP VOOR STAP

1

STAP 1 VAN 16

Place the textured cardstock into the Love Hearts embossing folder, ensuring the paper is positioned within the square embossing area and aligned with the folder's hinge at the top.

2

STAP 2 VAN 16

Run the embossing folder with the love hearts design through your die-cutting and embossing machine to create raised heart details on the pink cardstock.

3

STAP 3 VAN 16

Feed the embossed pink cardstock back through the embossing folder, positioning it so the heart pattern continues across the card to create a larger embossed area.

[BEKIJK DEZE STAP - 24:45](#)

STAP 4 VAN 16

Run the extended panel through the embossing machine again to emboss the additional section seamlessly with the love hearts design.

[BEKIJK DEZE STAP - 25:15](#)

STAP 5 VAN 16

Mount the embossed pink panel onto black cardstock to create a border frame. This will add contrast and definition to your embossed design.

[BEKIJK DEZE STAP - 26:00](#)

STAP 6 VAN 16

Using a decorative sanding sponge, gently sand the tops of the raised hearts with circular motions to create a distressed, grungy texture on the embossed pink cardstock.

[BEKIJK DEZE STAP - 26:30](#)

STAP 7 VAN 16

Stamp 'Congratulations' vertically down the right edge of the white card base using black ink. Position the stamp carefully to ensure it runs parallel to the edge.

[BEKIJK DEZE STAP - 28:00](#)

STAP 8 VAN 16

Adhere the embossed and sanded pink panel to the black card base using glue, positioning it slightly towards the bottom of the card. Press firmly to secure in place.

[BEKIJK DEZE STAP - 29:30](#)

STAP 9 VAN 16

Trim the top of the mounted pink embossed panel level with the card edge using a paper trimmer.

[BEKIJK DEZE STAP - 30:30](#)

10

STAP 10 VAN 16

Die-cut one large heart and one small heart from red textured cardstock using your die-cutting machine.

[BEKIJK DEZE STAP - 31:30](#)

11

STAP 11 VAN 16

Stamp the Cookie character onto white cardstock using Midnight black ink. Position the stamped image so the character's head fits within the large heart shape outline on your card.

[BEKIJK DEZE STAP - 32:30](#)

12

STAP 12 VAN 16

Carefully cut out the character stamp image using scissors, ensuring her head aligns with the top of the heart shape.

[BEKIJK DEZE STAP - 33:30](#)

13

STAP 13 VAN 16

Mount the large red heart and the character stamp onto black cardstock. Carefully cut around both pieces leaving a small black border.

[BEKIJK DEZE STAP - 34:45](#)

14

STAP 14 VAN 16

Mount the smaller heart onto foam pads and attach it to the card front, creating a dimensional border effect as with the larger heart.

[BEKIJK DEZE STAP - 35:30](#)

15

STAP 15 VAN 16

Attach the large red heart with the character stamp to the card front using foam pads, positioning it off-centre on the pink embossed panel to create dimension and visual interest.

[BEKIJK DEZE STAP - 36:45](#)

STAP 16 VAN 16

Layer the smaller coral heart onto the card front using a foam pad to add depth. Position it below the character heart to create a balanced design.

TIPS UIT DE SHOW

- A decorative sanding sponge from a local decoration store is gentler than sandpaper and won't rip cardstock.
- The hinge gap on the embossing folder allows you to extend designs beyond the folder's fixed size by re-feeding and realigning the pattern.
- If your printer alignment is slightly off when stamping the character, use a black pen or Sharpie to fill in any white gaps before cutting out.
