Layered High Heel Shoe Card with Stencils and Stamp

EEN PROJECT UIT ONZE LIVESHOW - CREATE AND CRAFT SHOW 28TH FEB 23 - 28 FEBRUARI 2023

HET EINDRESULTAAT

OVER DIT PROJECT

Create an elegant high heel shoe card featuring a sophisticated blue stiletto design. Using a three-stage stencil layering system, you'll build up depth and dimension with carefully applied ink layers, then add finishing touches with coordinating stamps. This fashion-forward card combines stencilling and stamping techniques for a professional, boutique-quality result.

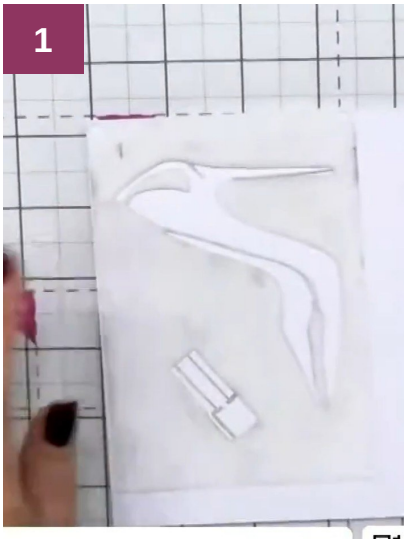
STAP VOOR STAP



STAP 1 VAN 8

Position stencil number one at the top left corner of your white card stock. Use the four hearts in the corner of the stencil as alignment guides to ensure accurate placement.

STAP 2 VAN 8

Apply ink through the first stencil using a light wash of colour. Press gently with the applicator, building up the colour gradually without worrying about perfect coverage.

STAP 3 VAN 8

Remove the first stencil and position the second stencil layer, aligning it carefully with the edge of the card or using the registration marks. Apply the same blue ink or a different colour through this layer to build up the high heel shoe design.

STAP 4 VAN 8

Position stencil three over the shoe design and apply ink using the pad directly, pressing harder to create darker definition on this final layer.

STAP 5 VAN 8

If the colour is not dark enough, return to the first stencil and add more colour to build depth. Layer the colours to create dimension on the high heel shoe design.

STAP 6 VAN 8

Line up the coordinating stamp on top of your layered stencil design. Stamp carefully in black ink, allowing a small margin for error to ensure the design aligns properly with the stencilled layers.

STAP 7 VAN 8

Place your card into the 3D embossing folder, ensuring it goes in the correct way (it will only fit one direction), and run it through your embossing machine.

STAP 8 VAN 8

Optional: die-cut around the blue high heel shoe using the coordinating outline die to create a shaped embellishment, or leave the design on the card as is.

TIPS UIT DE SHOW

• Make three cards at once while your stencils are out to save time and create a set of embellishments in different colours.
• You can use just one ink colour throughout all three stencils if you do not have multiple colours available.
• The embossing folder works as an independent element and can be used on its own without the stencils or stamp.
